LOVE YOUR LIFE WITH THIS

'I have known Simon de Groot for the past four years. During this time he has carried out both renovations and significant repairs to two of our residences as well as providing valuable assistance and advice on a commercial venture. I highly recommend Simon's services and am unable to fault his professionalism in every area of work that he has undertaken for me. He has provided building solutions that other tradespeople have not been able to achieve and I have found him always to be honest, caring and prompt.

WHO WE ARE

Total Door Solutions (TDS) is a licensed timber construction specialist servicing the wider Brisbane area. From heritage building renovations to contemporary homes, we take pride in delivering quality work and unbeatable customer service at reasonable rates.

WHO WE HELP

PREMIUM JOINERY SUPPLIERS

We are the preferred installer for South East Queensland. We promise competitive prices with our no "mark-up policy" on quality timber joinery.

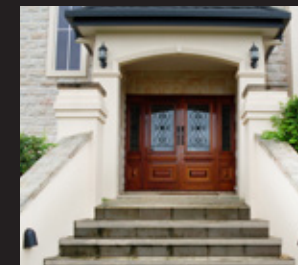

BUSINESSES

We have extensive experience as the specialist provider of quality workmanship on boutique commercial projects for designers, architects, builders and building managers.

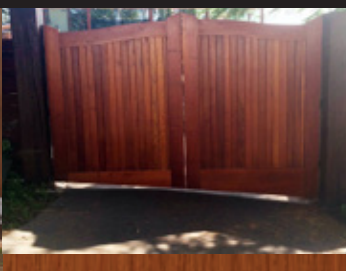

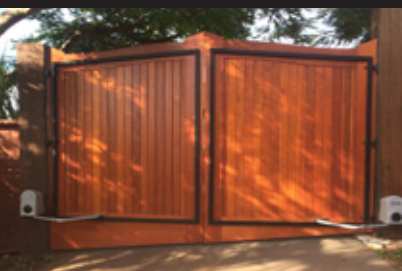

HOME OWNERS

We are proud to deliver service excellence to home owners on timber door installations and small renovations.

"Over the past 3 years we have had 15 windows, a double front door, bifold doors, French doors, a timber deck and internal cavity sliding doors installed. Each job was completed quickly, with minimum disruption. The staff were friendly and exceeded our expectations. The quality of workmanship was consistently good and at reasonable competitive rates. The after install service has been superior"
